My one main rule when I'm talking to the class is, you need to show:

MY PHILOSOPHY

I want to see all students succeed and pass.

Most students will pass. Those that don't are either **lazy** or have regular **absenteeism**.

So passing this subject
is a reflection of your
effort and attitude.

I will come to class
prepared and do what I
can to assist you.

What is your
commitment?
(because this is an
elective subject)
